Set Task Information

Before you respond to the activities in **Part B**, you are required to complete the following preparatory work.

Theme: *Journey*

Performing arts practitioners and influential companies, past and present, have explored the theme of ***Journey*** in their work.

You must choose and research **two** practitioners who have addressed and communicated the theme of ***Journey*** in their work.

The first practitioner **must** be chosen from the list below. The second practitioner can be chosen by you (but can also be chosen from the same list):

- Alvin Ailey
- Pina Bausch
- Steven Berkoff
- Matthew Bourne
- Bertolt Brecht*
- Peter Brook
- Christopher Bruce
- Cirque du Soleil
- Complicite
- DV8
- Bob Fosse
- Frantic Assembly
- Martha Graham
- Shobana Jeyasingh
- Akram Khan
- Kneehigh
- Joan Littlewood
- Andrew Lloyd Webber
- Lin-Manuel Miranda
- Katie Mitchell
- Paper Birds
- Punchdrunk
- Emma Rice
- Rodgers and Hammerstein
- Stephen Sondheim
- Stanislavski*
- Zoonation

*Investigation of contextual factors for the work of these practitioners, as with all practitioners, should include actual productions of their work and not just focus on the practitioners' theory and techniques in isolation.

The second practitioner you choose can be from any performing arts practice, but their work must explore the theme of ***Journey***.

A practitioner must be an individual or a company with international recognition and an established reputation and presence.

During your investigation into your chosen practitioners' work, you will need to:

- research the performance and production repertoire of both your chosen practitioners using relevant sources
- select relevant information related to the practitioners' work and the given theme
- collate your information
- record your sources of information in your bibliography.

During your monitored research session, you must produce the written notes and bibliography to take into the supervised **Part B** task.

Part A of Set Task

You must research the work of both practitioners. This research must include information on each practitioner, their practical performance and production repertoire and also the contextual factors that have influenced the practitioner's work.

In the four weeks before **Part B** is issued you must develop your investigation to analyse:

- a minimum of one key scene or moment from the performance and production repertoire of each practitioner
- how the chosen performance and production repertoire communicates the theme. (You should consider key scenes or moments that are fundamental to the development of plot, narrative, character or realisation of the creative intention of your practitioner that are relevant to the theme.)
- the contextual factors that have influenced the relevant work of your chosen practitioners.

You should identify clear examples from the selected performance and production repertoire of your chosen practitioners to support all of your findings, judgements and conclusions. You should include these examples in your notes.

You must also complete a bibliography that references and cites the sources used.

The bibliography **must**:

- be prepared in advance of the **Part B** supervised assessment
- list all sources referenced
- include your name, learner registration number, centre name and centre number
- be submitted with your **Part B** response.

In **Part B**, you will be assessed on:

- your knowledge and understanding of the contextual factors that influence the work of both of your chosen practitioners and their creative intentions
- your ability to critically analyse their performance and production repertoire work, making connections to the given theme
- your ability to communicate independent judgements.

Instructions to Teachers/Tutors and/or Invigilators

The **Part B** set task is undertaken under supervision in a single session of three hours on the timetabled date.

Learners should bring in notes and the bibliography as defined in **Part A**. The teacher/tutor and/or invigilator needs to ensure that the notes comply with the requirements.

Learners' **Part B** responses may be handwritten or word processed.

The set task is a formal external assessment and must be conducted with reference to the instructions in this booklet and the BTEC Nationals *Instructions for Conducting External Assessments (ICEA)* document to ensure that the supervised assessment is conducted correctly and that learners submit evidence that is their own work.

Learners must not bring anything into the supervised environment or take anything out without teacher/tutor and/or invigilator approval.

Centres are responsible for putting in place appropriate checks to ensure that only permitted material is brought into the supervised environment.

Maintaining security

- During supervised assessment sessions, the assessment areas must only be accessible to individual learners and to named members of staff.
- Only permitted materials for the set task can be brought into the supervised environment.
- **Part A** learner notes must be checked to ensure length and/or contents meet limitations.
- Any work learners produce under supervision must be kept securely.
- During any permitted break and at the end of the session, materials must be kept securely and no items removed from the supervised environment.
- Learners are not permitted to have access to the internet or resources other than their notes during the supervised assessment period.
- Learner notes must be retained securely by the centre after **Part B** and may be requested by Pearson if there is suspected malpractice.

After the session the teacher/tutor and/or invigilator must confirm that all learner work has been completed independently as part of the authentication submitted to Pearson.

Outcomes for submission

- A response to the three activities in the set task (completed as part of **Part B**).
- A bibliography (completed as part of **Part A**).

The four sides of A4 prepared notes **do not** need to be submitted with the final outcomes to Pearson but must be retained by the centre.

Instructions for Learners

Read the set task information carefully.

This supervised session is **three hours**. Plan your time carefully. Each of the three activities has a recommended completion time.

Use your notes prepared for **Part A** to inform your response in **Part B**. You must answer all of the activities in **Part B**.

Each activity requires a separate response and should be headed with the activity number.

You must work independently throughout the supervised assessment session and must not share your work with other learners.

Your teacher/tutor and/or invigilator will tell you if there is a supervised break.

You must complete ALL activities.

You will need to refer to your notes and the bibliography completed in **Part A**.

Your responses require reference to specific pieces of performance and production repertoire, key scenes/moments within that repertoire and sources of research information. You must reference any direct quotations or factual information taken directly from research sources within your responses.

Activity 1

How is the **influence from others** reflected in the performance and production work of your chosen practitioners and their communication of the theme ***Journey***?

You should include:

Activity 3

The following statement has been chosen as the motto for a performing arts festival:

'Do not go where the path may lead, go instead where there is no path and leave a trail.' *Source: Anon*

The performance and production work of both of your practitioners will have some relevance to this statement. The organisers of the festival would like you to suggest one of the practitioners to headline the festival.

Compare the performance and production work of the two practitioners and recommend which practitioner's work is best related to the statement.

You should:

- use specific examples from both practitioners' performance and production repertoire
- refer to your bibliography.

You should spend approximately **70 minutes** on this activity.
